# Mini Challenge 1

[Start Assignment]

**Due**   Monday by 8:00      **Points**   40      **Submitting**   a file upload      **File types**   zip and rar
**Available**   8 Apr at 8:00 - 11 Apr at 8:10  3 days

## Please **read** the instructions below. Failure to comply may result in deductions.

## Files:

- The files that you'll need for this challenge are linked below.
- For the **mini-challenge specs**, download the Mini Challenge 1 PDF file: **(click here)**
- For the **required images,** refer to the following link: **(click here)**
- For the **video reference**, refer to the following link: **(click here)**
- The rubric for grading partially involves following the specs, so please read it, even if you know what to do from the reference video alone

## Challenge Details:

- Each page in the PDF file (minus the title page, of course) will contain **text boxes** with **coloured headers.**
  - Read the written general instructions as well as detailed instructions for each component.
- The resulting webpage should be produced only with **HTML** and **CSS**.

## Submission Details:

- Attach a **<u>ZIP or RAR file</u>** containing your submission
- Follow this **naming format** for your file submission:  `[Section]_MC1_LastnameFirstname`
  - e.g., `[S15]_MC1_RomblonNeil.zip`
- The assignment will automatically close on April 11, 08:00AM.
- When I check your submission, I will unzip it and then open your HTML file in a browser. It should display the result you intended to show. If your images or CSS didn't display properly (most likely due to writing or providing the wrong source path), that will be **treated as a mistake**. So please be careful.
- You can resubmit your files as much as you want but late submissions will **NOT** be accepted
- You are allowed to use online resources but **DO NOT** copy the work of others or ask for the answers (especially from other students). You're already allowed to search online, so I hope all of you can respect this rule :)

**Course chat**                                     ▲

- For questions, corrections, or clarifications, please send a
  it as soon as I can

Good luck!
